GENTLEMEN: I fear you have committed an error in appointing me to the honorable position you have assigned me. A separation from all deliberative bodies has rendered the rules of their proceedings unfamiliar to me, while I should find in my own state of health, variable and fickle as it is, sufficient reason to decline the honor of being your presiding officer; but in times like these, one has but little option left him personal considerations should weigh but lightly in the bulance. After much labor the Chairman finally succeeded in quieting the assemblage sufficiently to hear the revoice, as in the olden time, has been sult. At this stage of the game it was rich beyond description to notice the anxious visages of the seekers. But that inmemorable annals, and still more lately as formal (some wickedly termed it infernal) ballot ruthlessly banished fond hopes in a twinkling. Mr. Harriman had a majority over all competitors, (some half a dozen), and as soon as the vote was announced, some one determined to block the game by a motion to adjourn. It was lost amid the yells of the crowd. Joe's friends were now determined to secure the thing, and either from the excited state of their nerves or from fear of their enemies stealing a march on them, didn't propose to wait for a formal ballot, but moved that Mr. II. be declared unanimously nominated which was carried as quietly (1) as the other proceedings, some voting a snarling, emphatic, threatening NO! DR. ROBACK'S SCANDINAVIAN REMEDIES.

When Dn. Rosaex, thu actobrated Swedish Physician, tatroduced his blood purifier and blood pills in the United States, he set forth in plain language their curative properties. This was years ago. The task of recommending them has since been taken out of his hands. Enlightened men whose character for sound Judgment and philosophy, giver their opinions weight in the community men who observe, ruffect, and make 'assurance doubly armo,' before they decide are everywhere upporting and urging the use of these wondurful Preparations. All what coulded to the whomean honesty of this class, or who chose to investigate for themselves are now of one mind on his important subject. The evidence in the possession of Dr. Roback, which is at all times accossible to the public, establishingthe following

PACTS: That the BLOOD PURIFIER and BLOOD PILES have been proved by analysis to CONTAIN NO MINERAL,

That they care the almost univereal complaint, DVSPEPSTA. With unerring certainty, and in a very shorttime: That after all other medicines have proved usoleten they relieve LIVER COMPLAINT',

That SICK FEMALES, Who have innegated for yours in helpless weak-ness and despondency, recuporate with great rapid-ity under their invigoriting operation. That all sex-ual disabilities are removed by their cordial and gen-tle stimulating properties. That they recruit SHATTERED CONSTITUTIONS.

However they may have been trifled with and abused; that their direct tendency is to lengthen life and render it enjoyable. That operating directly upon the rousen of the disease in the blood they CAUSE SOON TO HEAL. And discharge from the system, every taint of coording, whether hereditary on otherwise. That they

Bear in mind that the SCADINA VIAN VEGETABLE BLOOD PILLS are endorsed by the expertence of thousands of living witnesses, who, in latters, affidavits, medical works and by word of mouth droclaim them to be the very best preparation of the kind over-treed to the broken down yields of the health.
